

“Innovation and the Green Market”

John Blount

John Blount, President and CEO of Pure & Gently Inc., PGI, will be our guest speaker for April and will speak on Innovation and the Green Market. Mr. Blount has been involved in developing products for the water treatment and household cleaning industry since 1986. Mr. Blount holds a BS in biochemistry, an MS in chemical engineering and has published articles on enzyme research in various scientific journals. His expertise includes product and process development to FDA and EPA regulated products. For over 20 years, PGI has been formulating personal care and household cleaning products that are 100% biodegradable and dye/phosphate free. PGI is located in a carbon neutral facility where products are analyzed for environmental impact through all life cycle processes including raw material processing, formulation, distribution, transportation, use and disposal.
