## **Alamo Inventors A Free San Antonio Innovation Connection**

The Alamo Inventors Board of Directors

Do you have a unique idea? Has the entrepreneurship bug bitten you? Are you worried about late night TV marketing scams? Then come to this FREE outreach program and be part of one of Texas' fastest growing organizations guiding local inventors and entrepreneurs in taking their idea to market. Fifteen (15) new committees were created this year to help transform Alamo Inventors into a bottoms-up organization better suited to regionally support San Antonio innovation community.

Alamo Inventor Board members include professionals in the innovation and technology commercialization community and includes at least one of the following; a patent attorney, an academic research technology manager, a high school educator, a professional engineer, a famous inventor, a world explorer, and a World Class Top Spinning Champion. Our membership includes college students, business and service professionals, retirees, individual inventors and serial entrepreneurs.

Bring a guest and listen to our Board members talk about the new committees, upcoming workshops, educational programs and other special events.

Also, please take this opportunity to pay your annual dues (\$25/\$95 Corporate), thanks!
