Day / Date: FRIDAY December 7, 2012

Time: 6:00 PM - 8:00 PM

Venue: [San Antonio Technology Center](#), 3463 Magic Dr., San Antonio, TX 78229

"A First Look of the San Antonio Children's Museum Expansion and Relocation Plan"

Guest Speakers:

Ms. Robin Voight, Education Director

Ms. Cathryn Le Vrier, Marketing Director

The San Antonio Children's Museum has been a San Antonio staple for the past 17 years, providing a solid experience for children ages 0-10 and their caregivers. The museum has grown significantly in both attendance and educational programming over the years. So much so, that in order to meet the growing needs of the community, the museum itself needs to physically grow in size to accommodate demand.

In 2015, the San Antonio Children's Museum will relocate to a larger facility on Broadway allowing the expansion of our role as the premier educational resource that the museum currently plays. In addition, the museum will be able to expand its mission of "joyful learning and discovery to grow minds, connect families and transforms communities" to more of the San Antonio population.

Alamo Inventors and their families will be treated to a catered dinner FRIDAY evening, December 7, 2012, held in the atrium of the San Antonio Technology Center. Non-members and friends can purchase their dinner at a nominal charge.
