INVENT SAN ANTONIO!

“Tomorrow’s Building - Available Today!”

David B. South - President of The Monolithic Dome Institute

Co-inventor and patent holder of the Monolithic Dome, David will speak about the construction process, highlighting different aspects of the inside and outside of the Monolithic Dome. These structures have withstood tornadoes, hurricanes, earthquakes and fire with little damage. Monolithic Domes have been designed for schools, churches, homes and storage facilities and are superior in strength, energy-efficiency and cost.
