

A Snapshot Into the Life of an Inventor

Josiah Leverich

Josiah Leverich is founder and CEO of Ubertronix, Inc., www.ubertronix.com, and will be our speaker for July 2014. He will be speaking about his common sense approach for taking an idea, validating it, and turning it into a viable product.

In 2010, Josiah founded Ubertronix, Inc. and began developing the first Strike Finder product, a high-speed device that helps photographers take pictures that are far too fast for the human eye and reflex. He will be discussing the steps he took to develop the first prototypes, get market validation, build a team, and finally launch the product in the market.

Mr. Leverich began programming software at a very young age and later consulted for several companies. He has been in the technology field for nearly 20 years as a developer, engineer and leader of IT teams. He developed commercially produced products for companies such as Harcourt Assessment (Pearson), Institute of Surgical Research (BAMC), SAIC, USAA and others, some of which have sold over \$50M during the last decade. He also co-owned a software company, Ariss, Inc., that focuses on automating warranty work by car dealerships. Additionally, he holds two software design patents.

Josiah is married to his lovely wife Dana and they have four children. In his spare time, he enjoys flying airplanes and spending time with his family on their miniature farm.

Also, please take this opportunity to pay your annual dues (\$25/\$95 Corporate), thanks!

Wednesday, July 9, 2014

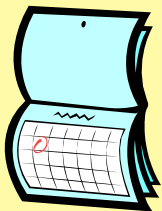

5:30-6:30 Networking 6:30-8:00 PM - Presentation

San Antonio Technology Center

3463 Magic Drive

(North of I-410 Between Callaghan and Fredericksburg Roads)

Public Invited

Alamo Inventors, a Special Interest Group (SIG) of Technology Connexus Association, is a non-profit organization made up of local area engineers, business people, professionals, students, faculty and people from all walks of life. Anyone interested in inventing and/or business and product development is welcome to attend and become a member.
