

Have Questions? We Have Answers!

Alamo Inventors Panel

For the Alamo Inventors July meeting, we will be having an open forum panel question and answer session. The meeting will be dedicated to our attendees where the panel will take questions from the audience and in-turn, provide helpful information on any invention concept to market topic, such as protecting your invention, patent and product searching, building prototypes, marketing, licensing, etc.

Our board member Ed Marvin, a patent attorney with Gunn, Lee and Cave will take questions regarding patents and intellectual property. Other panel members will be talking questions in the product development and marketing categories, as well.

Our sister organization, Houston Inventors Association, has found panel question and answer meetings to be very popular and as a result, they are held annually. You should find this meeting to be very informative and time well spent.

So, bring your questions! Knowledge is the best tool for advancing inventions!

Also, please take this opportunity to pay your annual dues (\$25/\$95 Corporate), thanks!
