## “Nailing a Sawhorse Trifecta”

Dennis Remmers

A bridge builder and inventor, Dennis Remmers will be our guest speaker. He will speak on “Nailing a Sawhorse Trifecta”.

Five years ago, Mr. Remmers conceived of a novel sawhorse design to meet an unmet need in the construction industry. Using his knowledge in the construction industry, Mr. Remmers developed, tested and refined the sawhorse design to the point that it now hits the trifecta of support assemblies. Presently, the innovative sawhorse is in the final stages of manufacture and is fully collapsible, lightweight, strong, stable and safe.

Mr. Remmers will present valuable information acquired during this past five year journey.

Also, please take this opportunity to pay your annual dues, if needed, (\$20/\$85 Corporate), thanks!

## Wednesday, June 11th, 2008

**5:30-6:30 PM - Networking 6:30-8:00 PM - Presentation**

**San Antonio Technology Center**

**3463 Magic Drive**

(North of I-410 Between Callaghan and Fredericksburg Roads)
