A Prolific Inventor and Accomplished Entrepreneur Shares His Story Quest Couch

Quest Couch is our speaker for March 2013 and share his story on how he became a prolific inventor and an accomplished entrepreneur. Mr. Couch has been a writer, photographer, inventor and producer of award-winning multimedia for nearly 30 years. As a result of the demands of this type of photography, he designed the [LumiQuest](#) line of flash accessories, generally considered to be the most popular of its kind in the world. He is the author of two instructional books on flash photography.

After obtaining undergraduate and Master's degrees in Radio, Television & Film from the University of Texas at Austin, Quest went on to explore a wide range of interests. These pursuits have resulted in a number of patents and products, not only in the photo industry but, in other areas including SCUBA diving, model railroading, offshore boating, model railroading and most recently electronic tablet accessories.

Quest has 30 years of experience inventing, designing, manufacturing, and bringing new products to market. He continues to write, make art, experiment with photography and develop new products while dividing his time between Texas, Costa Rica and [Querencia](#), his recently completed mountain retreat in New Mexico, as he skis, kayaks, fly fishes, SCUBA dives, and strives to become a less pathetic surfer.

For more information on Mr. Couch's phenomenal background, please visit [Quest Couch on Wikipedia](#). You will be impressed with Mr. Couch's presentation, so you don't want to miss it.

Also, please take this opportunity to pay your annual dues (\$25/\$95 Corporate), thanks!

Wednesday, March 13, 2013

5:30-6:30 Networking 6:30-8:00 PM - Presentation

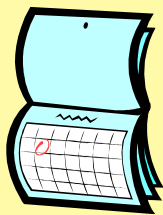

San Antonio Technology Center

3463 Magic Drive

(North of I-410 Between Callaghan and Fredericksburg Roads)

Public Invited

Special Thanks For: Refreshments Provided by Marx Design

Alamo Inventors, a Special Interest Group (SIG) of Technology Connexus Association, is a non-profit organization made up of local area engineers, business people, professionals, students, faculty and people from all walks of life. Anyone interested in inventing and/or business and product development is welcome to attend and become a member.
